EDLP 714 Library Instruction Session

Theresa Mastrodonato
tmmastrodonato@frostburg.edu
When you go to the library’s home page, you can search OneSearch without logging in.

However, in order to see any full-text items, you would need to log into OneSearch with your barcode and last name.

If you click on an item before logging in, a screen will pop up telling you that you need to log in for full access.
Once you are logged in you will be able to access full-text articles and e-books within OneSearch.

Note: If you close your browser completely, you may be required to log back in again when you access OneSearch.
To see the subject specific databases – from the library’s home page select the Tab A-Z databases.

Then select the link A-Z Databases
Connect to Subject Specific Databases from Off-Campus

- You will get an A-Z list of databases.
- Select the database you would like to log into.
Connect to Subject Specific Databases from Off-Campus

- You will be prompted to enter your barcode and last name.
- The database will open up.
- **Note:** If you close your browser completely, you may be required to log back in again when you access the database.
