Your Library Account provides information on the books you have checked out or books that you have requested from another USMAI Institution. Using your Library Account you can also renew books electronically, without having to call the circulation desk or bringing the books into the library to be renewed.

To access your Library Account, go to the library’s home page (https://www.frostburg.edu/library/).

Click on the last tab – Library Account.

Click on the Link that says Library Account.

You will be presented with the following screen where you will select Frostburg State University.
Once you select FSU, you will be prompted to enter your Barcode and Last Name. Your 14 digit barcode can be found on your FSU ID. If you don’t have an ID or can’t remember your number, please see the Handout Finding Your 14 Digit Barcode.

Once you enter this information, you will be logged into your Library Account.

Items Borrowed/Requested

If you select Items borrowed/Renewals, you can see all the items you have checked out.

You are then presented with the title of the book, the date that it is due, the number of times the book has been renewed, the library the book was checked out of, and the call number of the book.

To renew a book, place a check next to the book you want to renew and then select the button, Renew Selected. If you want to renew all the books listed, select the button, Renew All.

When you are done with your library account, select End Session in the top right-hand corner of the screen.

To end your session completely, the next screen will come up and tell you to close your browser.
